

MG DAYS 2023

Will celebrate from the 1st to the 4th June at Epernay

The Centenary

of the marque MG !

It is in the middle of 1923 that Cecil Kimber, the creator of the make, sold a Morris for the first time modified by him, «Morris MG Super Sports ». His idea was to propose an improved car, with better performance than the standard issue model.

It is the beginning of a great story which will make MG the archetype British sports car.

MG has more than 80 models of which the famous MGB was the best- selling sports car of its era.
